

Hello AGGIES (and 6th period HORNETS) – I am not at school today because I've gone to Southern California to see my mother who is still in the hospital.

1. Today your lesson is to discuss the Chapter 4 Review and then begin work on the Chapter 4 Practice test.
 - a. You can start by discussing within your groups and then ask the class as a whole if you still have questions. You can also ask the guest teacher.
 - b. Once you have all your questions answered you can start work on the Chapter 4 Practice test.
- You will be going over the Practice test tomorrow in class so be sure you get it finished.
 - Tomorrow the guest teacher will answer any questions you have about the Practice test and then you will keep it to study for Wednesday's test.

Thanks for being on your best behavior for the guest teacher!
