

Hello AGGIES (and 6th period HORNETS) – I'm at a meeting today and you have Ms. Miller as your guest teacher. Please think back to our discussion about the noise level in class when I'm gone and make sure today feels respectful for Ms. Miller

1. We will save our discussion of last Wednesday's homework for tomorrow.
2. Today you will work on Scale Drawings and Models
 - a. Please read the lesson with your partner and work through the ***Got It?*** problems.
 - b. I have linked the teacher pages for today's lesson into the agenda so you can check your work on the ***Got It?*** problems.

Thanks for being on your best behavior for the guest teacher!
