

## Count the Squares - deuxième partie

Tonight you again have two tasks. First, count the squares in the new puzzle below and be ready to share your process and answer with your group tomorrow. Use the thinking process space at the right of the figure to capture your thoughts on how you solved the puzzle.

How many squares  
altogether?

*Thinking process space*

---

Tonight's second task is to take a look at the supply list I passed out today and start to put together the supplies you will need for class.

Also, if you didn't fill out the first day survey yet please use the link on the class website, [mwillmarth.org](http://mwillmarth.org), to get it filled out
